Assessment Methodology

Tool Version: Ninja Platform v1.0

AI Model: Google Gemini (Alt text suggestions, remediation guidance, content analysis)

Assessment Date: 2026-01-19

Digital Signature

Authorized Representative: _____

Date: _____

Title: _____

Legal Disclaimer

This Accessibility Conformance Report was generated using automated testing tools supplemented by AI-assisted analysis. Automated tools can detect approximately 30-57% of accessibility barriers. Items marked [AI-SUGGESTED] require human verification for accuracy. This report should be reviewed by qualified accessibility professionals before use in procurement decisions.

Assessment Tool: Ninja Platform v1.0

AI Model: Google Gemini (for alt text suggestions and remediation guidance)
